INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Hinsdale, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Hinsdale, New Hampshire as of December 31, 1992 and for the year then ended. These general purpose financial statements are the responsibility of the Town officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Town officials, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included in order to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues of $147,811 in the General Fund and $495,130 in the Property Tax Agency Fund which were not received in cash within sixty days of year end as is required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the undesignated General Fund balance from $360,296 to ($282,645), would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the effect on the general purpose financial statements of the omission described in the third paragraph, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Hinsdale, New Hampshire as of December 31, 1992 and the results of operations and the cash flows of its proprietary and similar trust fund types for the year then ended, in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Hinsdale, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

The community has a significant percentage of people who maintain the usage of the library and for this I would like to thank them and say, "please continue." Our majority of readers steadfastly remain strong advocates of fiction and mystery works, young and old alike.

1993 and 1994 brought us some treacherous weather and unfortunately we had to close many times due to icy conditions...just a reminder that we broadcast closing on WTSA and try to post signs in the windows if we know ahead of time that we will not be open. Also a call to the library during hours you know we are open would prevent a needless trip.

Overdue books continue to be a distressing problem and worse yet, in a very few cases there are people simply not returning books in response to our pleas. I am asking any adult to please not sign a card of responsibility for children under fourteen if you feel you cannot fulfill the terms stated on the membership card, which simply amounts to getting books back on time or calling to renew them if that is not possible. Of course, anyone is free to come into the library during open hours and make use of it. Hopefully someday this problem will cease. The sad factor in this is that we need the books available for other members.

Now for the good news...The summer reading program was once again a success and enrollment was approximately 56 total. We held our usual ceremony in the community room of the town hall with certificates awarded to the members who completed the program. I congratulate the parents and children alike for participating. A special thank you goes out to our two summer volunteers from the schools who helped. They are Heather Boyd, Hinsdale High and Julie LeVasseur from the Hinsdale Elementary School. I would also like to thank my husband Stephen for helping with the program for the last three years in many ways.

October was a turning point in my life and by now most of you know that I've resigned and moved to Concord for family reasons. I will miss everyone very much and please feel free to stay in contact. Marjorie Johnson, the Assistant Librarian has my address. Marjorie was extremely valuable during the changeover of staff. Thanks Marjorie for going the "extra mile", and then some.

The new librarian is John Bamberger. Please stop in and greet him if you have not done so. I wish him well and I am sure he will be just as cooperative in honoring your requests as I was.

The trustees of the library have changed their meeting from the second Tuesday of every month to the second Monday at 8 PM. There are no meetings held in the months of July and August. The public is always welcome.

Respectfully submitted,

Francis Hall Waclawik

ANNUAL REPORT OF THE HINSDALE CONSERVATION COMMISSION

The Hinsdale Conservation Commission had a busy 1993. We started off the year in the middle of a dispute between Col. Lloyd Stearns and Friends of Pisgah. Col. Stearns was trying to buy the railway right of way that cuts his property in half and the Friends of Pisgah were trying to keep it in public access. Due to the wording of the RSA's ruling concerning abandoned railway rights of way, Col. Stearns was able to acquire ownership.

Early in the year we were informed that a River Bank erosion permit had been applied for by Greg Pelloni. The Commission receives copies of these permits and at times is asked to support the application. We did in this case.

The Hinsdale Water Works approached the Commission to help institute a Wellhead Protection Program. Putting such a program into operation will enable the Town to hold down the cost of water testing. The Commission is continuing to work on the project and plans to send a list of household "Hazardous Wastes" and guidelines on disposal of them to all taxpayers in February 1994.

It was brought to our attention that there was congested parking on Route 63 at the Kilburn Trailhead to Pisgah Park. The Commission wrote a letter to the State expressing our concerns. A larger parking area is on the list of Pisgah Park needs, although it is not a priority.

The Commission was asked to design a small park at the Granite State Mowing Machine site on Canal Street. Plans were submitted and approved by the Selectmen. With the aid of the Highway Department the land was cleared. Three benches and a picnic table were installed and shrubs planted. A granite marker naming the site "Granite State Mowing Machine Park" is on order. Funds for the work came from grants.

In spring we had to replace one Norway Maple and two Douglas Firs in Heritage Park. The firs were donated and the maple purchased. The dry summer and lack of soil depth made it difficult for new trees to root. Flowers were planted near the Post Office and in half barrels along Main Street.

In fall the Commission two Eagle Scouts asked us for project suggestions that would lead to a badge upon completion. One boy accepted a High School project that would begin the development of an outdoor classroom. He will open up and inventory plant and inventory plant and insects in the site near beside the school. The other Eagle Scout will work with Sharron Smith on a project for the Historical Society.

The Commission was notified of a proposed boat marina on the Connecticut River. Plans were submitted to the board and some members have toured the site. The marina has been approved by the Planning Board and the State Wetlands Board. New England Power applied to build a fish diversion so that the salmon and smelt can pass downstream uninjured. Ashuelot Paper submitted emergency plans for their waste water treatment lagoons. The Commission found all the projects acceptable.

POLICE DEPARTMENT ANNUAL REPORT

First I would like to thank the citizens of the community for their assistance and support in making Hinsdale a safer and better community. This was done by reporting crimes and suspicious incidents to the police. I believe that there are some citizens who still hesitate to call the police for one reason or another. Please do not hesitate to call if you see anything suspicious. With your help we may be able to stop a crime or solve it much faster.

Last year the Police Association decided to raise money for materials to build a new garage. The old garage had been condemned and we were unable to house the cruisers. Having to keep the cruisers out in the weather caused problems with response time, due to ice and snow covered cruisers, frozen locks etc.

Through many hours of hard work, raising funds, getting materials and building the garage, the officers, volunteers from the community and area businesses have kept it possible for us not to burden the taxpayer. I would like to personally thank everyone who has endured in this venture. I know a lot of personal sacrifices have been made and more will be made before the garage is completed.

I would like to thank the Board of Selectmen for their assistance and support throughout the year and last but not least, I wish to thank the police officers of Hinsdale for a job well done.

Respectfully submitted,

David M. Whittle
Chief of Police
